

Reagan Chiles

Broomfield CO | 720-648-7042 | Reagan.Chiles@Colorado.edu

Objective

Motivated and dedicated engineering students seeking an opportunity to apply technical knowledge, problem-solving abilities, and engineering skills in a professional environment.

Experience

J.S Held | Reconstruction Intern May 2025 – August 2025

- Used engineering and forensic Principles within a team to reconstruct vehicle crashes for major manufacturers
- Used 3D scanners to collect, analyze, and process point cloud data
- Collected data and tested a variety of mechanical systems to create a report and gain mechanical knowledge
- Used organization and file structure to be used during depositions and trials

Speedy Sparkle Car Wash | Supervisor August 2025 - Current

- Displayed attention to detail and cleanliness in interior cleaning
- Operated maintained and repaired mechanical wash assemblies
- Use customer service skills to meet customers needs while creating a comfortable atmosphere
- Manage teams to quickly and efficiently complete tasks

Education

University of Colorado Boulder

2024-2028

Major: Mechanical Engineering GPA:3.51

Skills & abilities

- | | |
|--------------------------------|---------------------------|
| • Microsoft Excel (100+ hours) | • 3D point cloud analysis |
| • Vehicles dynamics | • MATLAB |
| • SLA and FDM manufacturing | • Coding in C (50+hours) |
| • CAD (SolidWorks CSWA) | • MIG welding |
